Hours of operation:  Mon – Thurs 8am-4pm;  F: 8a-12noon
Summer hours:  Mon-Thurs 8:00am-4:30pm; closed Fridays

All new students entering health care programs have immunization, TB skin test, immunity titer and physical examination requirements. Health Services can help you meet these needs in a timely, cost effective manner. Please book your appointments early. Multiple appointments are usually necessary, so do not wait until the last minute.

IMPORTANT:  Your FIRST appointment should be for immunization counseling and requires you to bring documentation of all prior immunizations received. Bring your childhood immunization record!

If a two-step TB skin test is required, multiple office visits are needed over at least a 2-week period.

If a TB skin test and an MMR and/or a Varicella immunization are needed, the MMR and Varicella vaccinations must be given on the same day and AFTER the TB skin testing is completed.

Immunization and immunity titer requirements must be completed BEFORE the scheduled physical exam.

- TB skin test: $10.00
- 2-step TB skin test: $20.00
- MMR $80.00
- Tdap (Tetanus/ diphtheria/ pertussis) $45.00
