RCCD Transfer Center Mission
The mission of Riverside Community College District Transfer Center is dedicated to increasing the transfer function and to increase the number of students prepared for transfer to baccalaureate-level institutions. This is accomplished through coordination of college transfer efforts, with an emphasis on the preparation and transfer of underrepresented students, including disabled students, low-income students, first-generation college students, and other groups of students underrepresented in the transfer process.

Transfer Center Services
The Transfer Centers throughout RCCD provide many services, resources, programs, and information to students who are interested in transferring to a four-year institution.

University Representatives
Representatives from a variety of CSUs, UCs and private universities visit the Transfer Centers on a regular basis. Students have the opportunity to meet with these representatives and are encouraged to visit or call any of the three Transfer Centers to schedule an appointment.

Counseling
Riverside Community College District counselors are available to meet with students at the three campuses and work collaboratively with the Transfer Center to ensure that students are receiving up-to-date and accurate information. It is highly recommended that you meet with a counselor in your first college semester to develop your student educational plan (SEP).

Transfer Recognition Ceremony
Riverside Community College District faculty and staff take great pride when their students achieve their transfer goal. It is important to the faculty and staff to recognize students for the hard work, commitment, and dedication they have invested into obtaining their transfer goal. To honor those students who meet their goal, every spring semester prior to graduation the Transfer Center hosts a reception at each campus (Riverside, Moreno Valley, Norco.) Please contact the Transfer Centers for additional information.

Transfer Admission Guarantee
The Transfer Admission Guarantee (TAG) program assists students throughout RCCD in transferring to various UC campuses. TAG students enter into a contract that specifies requirements they must complete at RCCD that guarantees admission to a specific UC Campus and term of choice, (for most majors.) Admission to highly selective majors, such as certain engineering majors, may not be guaranteed. Visit the Transfer Center to determine if a school you are interested in has established a transfer agreement with RCCD. Call one of the RCCD Transfer Centers for more information.

Introduction to the Transfer Process (Guidance 46)
This course includes an in-depth exploration of transfer requirements, admission procedures, major requirements, and financial aid opportunities. The information offered in this class will enable students to make informed decisions about academic planning, majors, and four-year institutions.

Campus Tours
The Transfer Centers organize visits to four-year universities throughout the year. Through campus visits students become more familiar with campuses, programs, and services, thus allowing them to make a sound decision when choosing the university they want to attend. Please visit or call the Transfer Centers to determine when campus tours will be held.
