Student FORUM

Student Academic Services Building, Room 121

Why should I attend? Learn about the CMP process and make your voice heard.

Moreno Valley College is updating its Comprehensive Master Plan (CMP) and as valued members of our community, we want to hear from you. You are being invited to participate in this CMP Forum because we believe that a successful plan can only be developed with critical input from students, faculty, staff, administrators and community members.

The 2019 Comprehensive Master Plan will generate and articulate our long-term education and facilities vision for the College.

Together, we will create a practical, data-driven, and visionary roadmap for Moreno Valley College that prioritizes student success and creates a comprehensive college and campus experience.

Light refreshments will be provided
