

## INTERESTED IN APPLYING TO UC BERKELEY?

### **About Us:**

The Experience Berkeley Transfer Program is designed to help community college students transfer to the University of California, Berkeley. UC Berkeley Admissions officers as well as current transfer students and alumni provide strategies for developing your best application during our fall semester workshops.

We are looking for Black, Native American and Latino community college students with a minimum 3.4 GPA and 30 or more units to be a part of Experience Berkeley for the fall semester. If you or someone you know fits our student profile, please register online at [stileshall.org](http://stileshall.org) for our program!

After registering with our program each student is assigned to a mentor and will begin the process of drafting their personal statement and UC application. In addition to our fall workshops, we send out information and assignments that encourage and direct the thought process behind the personal statement.

The Experience Berkeley Transfer Program continues to evolve and in its 9<sup>th</sup> year is now a flagship program for Stiles Hall. Our program boasts a 70% success rate for the community college students that we work with transferring into a UC.
